

sysy::ir::Value

```
graph BT; A[sysy::ir::BasicBlock] --> B[sysy::ir::Value]
```

The diagram illustrates a relationship between two classes in the sysy::ir namespace. At the bottom is a box labeled 'sysy::ir::BasicBlock' with a light gray background. A blue arrow points vertically upwards from the top center of this box to the bottom center of a box above it labeled 'sysy::ir::Value', which has a white background. This indicates that 'sysy::ir::BasicBlock' inherits from or is a specialization of 'sysy::ir::Value'.

sysy::ir::BasicBlock
